

OCEAN AUTOMATION SOLUTIONS are able to carry out the annual calibration and certification of portable gas detectors at highly competitive rates in our temperature / humidity controlled calibration facilities in Dubai, United Arab Emirates and Jurong, Singapore.

Alternatively, our qualified team of engineers are ready to mobilise at short notice in order to carry out calibration and certification of your portable gas detectors on-board the vessel at anchorage (i.e. Fujairah, Ras Al Khaimah, Khorfakkan, Dubai, Abu Dhabi, Sharjah, Singapore)

We maintain a large inventory of certified calibration gas and composition gas mixes (Methane, Carbon Dioxide, Carbon Monoxide, Butane, Pentane, Oxygen, Nitrogen, Hydrogen Sulphide, Propane, Isobutane, and more...)

Portable Gas Detectors we regularly service and calibrate include:-

- BW Technologies
- Riken Keiki / RKI
- MSA
- Crowcon
- Drager
- GMI
- RAE Systems
- Honeywell Analytics

We carry various sensors, filters, batteries and parts in stock in order to provide immediate repair of your detectors if required.

We also stock a large number of BW Technologies Portable gas Detectors. These include single channel gas detectors and multi-channel gas detectors.

Contact us now and compare our pricing.
